

# Academic Senate Bylaws - Proposed Revisions

## Background

Senate Bylaws were last revised in academic year 2015–16. The changes proposed here reflect corrections and concerns raised over the past six years. These have been developed with the input of the Steering Committee in advance of upcoming elections for the next Senate term.

Noteworthy changes include:

- addition of a Parliamentarian position
- addition of a non-voting Staff Council member
- shifts in duties among the Executive Officers
- provisions for distributed leadership, which allow co-leaders to hold positions
- updates to Board and Faculty Trustee nominees that reflect recent practice
- requirement for at least one member of the chairs category on Steering Committee
- provisions for temporary vacancies, such as sabbaticals and leaves
- various terminological and typographical edits

The current process for amending Bylaws requires that they be presented in writing 10 days in advance of a Senate meeting. If approved, they are sent to all constituents for ratification. If ratified, they are sent to the Board of Trustees for approval.

If these proposed Bylaw revisions pass, further amendments to Standing Rules and the Senate Compensation Policy (part of the Faculty Handbook) would be considered to align with the changes.
